

Welcome to Module 1: Data Privacy Overview!

You will be learning about data privacy. Specifically about why it is important. From policies to laws to vocabulary by the end of the module you are expected to be an expert on data privacy.

Here is the schedule of what you are going to learn in the upcoming lessons.

- Why data privacy is important.
- HIPPA
- GDPR
- PCI-CSS

There are going to be games that must be completed between some lessons. Make sure to memorize the videos to win. At the end there will be a quiz. Get an 80% or above to earn your certificate.
